

SUMMARY • CHIRP RESET

KIDDE i12060A

BREAKER OFF • TWIST OFF • UNPLUG
BATTERY OUT • HOLD TEST 15 s
PLUG IN • TWIST ON • BREAKER ON
BATTERY IN → 1 CHIRP • TEST 5 s

One press of TEST/HUSH quiets it about 13 h. Not a fix.

Replace the alarm 10 years after the date code

Kidde CO alarm chirping at 7 years = end of life

Door or bracket locked? Tamper lock: see the manual

● GREEN ON = AC power

● RED FLASHING = sounding
